

## **Edmonton Home Builder Rohit Communities Donates Condo to Habitat for Humanity**

**Edmonton, Alberta, May 6, 2010** – Rohit Communities, one of the premier [Edmonton Home Builders](#), recently announced its partnership with Habitat for Humanity to improve the lives of Edmonton families by providing home ownership. Rohit Communities donated a new condo unit from its Infusion development in Windermere. This is the first charitable housing project of its kind for Rohit Communities, which was recently named [Edmonton's Home Builder of the Year](#). The overwhelming support for this project is unanimous with the owners, employees and community. The contribution will positively impact low income families in preparing for the future by giving them an opportunity today.

“We believe everyone should have an equal opportunity, and we feel fortunate that we can help the community that has been so good to us,” said Rohit Gupta, vice president of Rohit Communities. “That equality starts with a place to live.”

Rooted in family values and entrepreneurial spirit, Rohit Communities has grown into a leading Edmonton (and surrounding areas) home builder. In March, Rohit Communities was named Edmonton's Home Builder of the Year for 2010. With continued success comes a penchant for giving back. For Rohit Communities providing support to charitable organizations is and always has been a fundamental initiative.

“Our family has been blessed and we've been treated well by the Edmonton community,” says Gupta “We were fortunate to ride the wave of prosperity. What we want to do is give people that same opportunity so they too can ride that wave.”
